

# PVC non-return valve for water meters NV-1

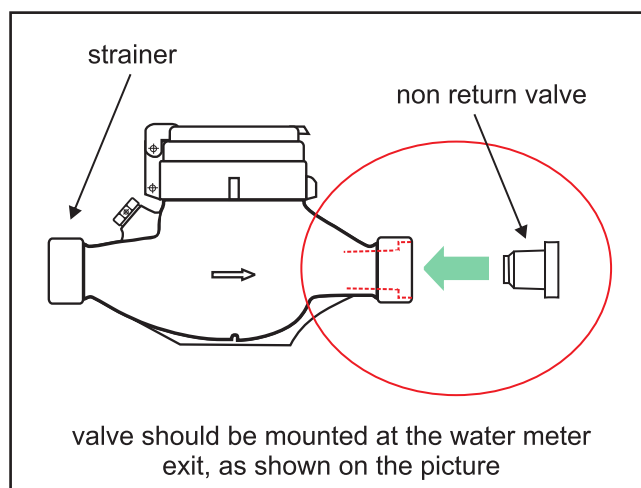

**PVC non return (check)valves for water meters are used in order to stop backflow of water through the meter which significantly extends the life of the meters**

## MAIN CHARACTERISTICS

- valve completely made of PVC material (except the rubber sealant)
- completely prevents backflow through the meters
- compatible with INSA DN15 and INSA DN20 residential water meters
- for pressures up to 16 bar
- for cold and hot water
- water temperature up to 90° C

## TECHNICAL DATA

Size	Pmax	Tmax
DN15	16 bar	<90° C
DN20	16 bar	<90° C
